OPPORTUNITY

CONNECTING INDIAN TALENT TO GERMAN OPPORTUNITIES

Vikas Malik

Founder, Word Wings Academy

Founder's Message

At Word Wings Academy, our work is guided by three clear principles — Skill, Language and Opportunity.

We believe opportunity should be earned. First, a student must build strong skills. Then, strong language. When preparation is complete, opportunity naturally follows. Germany offers respected career pathways, but they require proper preparation.

Success abroad requires discipline, patience and honesty. There are no shortcuts — only structured preparation. At Word Wings Academy, we train students step by step. We guide them carefully and connect them only to legitimate pathways. Our focus is long-term success, not quick promises. We understand the hopes of Indian families and the standards expected in Germany. Our responsibility is to bridge both with transparency and trust.

When Indian youth are trained with the right skills and mindset, they do not just go abroad — they build secure and respectable careers.

WHY GERMANY ?

Germany is facing one of the largest skilled worker shortages in the world. An ageing population and a declining working-age workforce have created long-term demand across many professions — especially healthcare, technical and skilled sectors.

50 Lakh

Skilled worker shortage by 2030

500,000

Nurses needed in Germany by 2030

39 Lakh

Fewer working-age people by 2030

3,50,000

Green energy workers needed by 2030

High-demand sectors include: healthcare, engineering, information technology, construction, teaching, and renewable energy.

Germany is actively seeking trained, disciplined and language-ready professionals to support its economy and public services.

With the right preparation and guidance, hardworking students from India can build secure, respectable, and long-term careers in Germany.

Career Pathways to Germany

Germany offers structured and legal pathways for students who are serious about building a stable and respectable international career. Among these, Ausbildung stands as the strongest and most sustainable option.

Ausbildung - Germany's Official Vocational Training System

"Ausbildung" is Germany's government-backed vocational training system built on the work • learn • earn model. Students simultaneously attend a government-approved vocational school and work within a German company — earning a monthly stipend throughout.

WORK

Real German company experience

LEARN

Government vocational school

EARN

Monthly training stipend

Financial Structure

During Training

€900 – €1,200 / month

(approx. ₹90,000 – ₹1,20,000 / month)

After Qualification

€2,500 – €3,000 / month

(approx. ₹2.5 – 3 lakh / month, before tax)

Annual increments, social security, health insurance, pension contributions, and full legal employment protection are included.

In Demand Ausbildung Sectors

Sector	Popular Professions
Healthcare Technical & Engineering Automotive IT & Computer Science Hospitality & Tourism Construction & Trades Logistics & Industry	Nursing (Pflege), Elderly Care Specialist, Medical Assistant Mechatronics Technician, Industrial Mechanic, Electronics Technician Automotive Mechatronics, Vehicle Maintenance Technician IT Specialist (System Integration), IT Specialist (App Dev.) Hotel Specialist, Chef (Koch), Restaurant Specialist Plumbing Technician, HVAC Technician, Carpentry Specialist Warehouse Specialist, Industrial Clerk, Machine Operator

Eligibility Criteria

Age: 18 – 28 years

12th / ITI / Polytechnic / Relevant qualification

Serious and disciplined mindset

Commitment to complete B2 German level

Admission is based on individual counselling and evaluation.

Direct Nursing Career Pathway

For GNM / B.Sc. nursing graduates, Germany offers a structured and highly rewarding direct employment pathway. With a nationally recognised shortage of nursing professionals, qualified candidates with B2 German certification can access direct hospital placement.

Requirements

- GNM / B.Sc. nursing qualification
- B2 German language certification
- Qualification recognition process
- Direct hospital placement pathway

Financial Overview

- €2,500 – €3,500 / month (approx. ₹2.5 – 3.5 lakh / month, before tax)
- Social security benefits
- Full health insurance coverage
- Pension contributions included
- Regulated hours & legal protection

Germany continues to face a significant nursing shortage, creating long-term demand for qualified and language-ready professionals.

Au-Pair Cultural Exchange Pathway

The Au-Pair Programme is a structured cultural exchange pathway for young female candidates seeking early international exposure. It is widely used as a foundation for future Ausbildung or higher studies in Germany.

Requirements-

Age: 18-25 (female candidates only)

A2 German certificate required (language level must be improved up to B1)

Benefits-

Monthly pocket allowance: €280–€350

Free accommodation and meals provided by the host family

Health insurance coverage

Opportunity to pursue Ausbildung or higher studies later

Cultural exchange and childcare experience

Opportunity to improve German language skills

Germany's Au-Pair program offers a safe and structured way for young women to gain international experience while building language skills and cultural understanding.

German Language Training Programme A1 – B2

Word Wings Academy offers structured German language training for students preparing for professional opportunities in Germany. The programme builds practical communication ability required for work and everyday life in Germany across four essential skills:

Reading

Listening

Writing

Speaking

The curriculum follows international standards and prepares students for Goethe-Institut German language certification, widely accepted for vocational training, education, and professional pathways in Germany.

Programme Structure

Offline classroom with interactive methods

Maximum 20 students per batch

Classes: Monday – Friday

Saturday: Speaking practice and assessments

Morning, afternoon and evening batches

Regular weekly tests and mock exams

Netzwerk Neu series coursebooks (A1–B1)

Kontext – Deutsch als Fremdsprache (B2)

At Word Wings Academy, German language training is not just a course — it is structured preparation for professional opportunities in Germany.

A1 – A2 – B1 – B2

Admission Process

Students interested in joining Word Wings Academy are encouraged first to attend a counselling session at the institute. During this session, students and parents can learn about the training structure, career pathways, preparation requirements, and expectations.

01 Counselling Session

Attend a free session to understand career pathways, preparation timelines and expectations.

02 Evaluation Interaction

An optional aptitude assessment to understand student readiness, motivation and commitment.

03 Seat Confirmation

Confirmed on batch availability, student schedule, academic readiness and fee submission.

Fee Structure — Session 2026–27

Payment Option

Total Fee (Inclusive of GST)

One-time Payment

Full programme A1 to B2, paid in a single instalment

₹ 1,30,000/-

Two-part Payment

Second instalment as per the institute's payment schedule

₹ 1,54,000/-

All fees are inclusive of GST. Seat is confirmed only after fee submission and batch availability verification.

About

WORD WINGS ACADEMY

Word Wings Academy is a Germany-focused language training and career preparation institute based in Sonipat, Haryana. The academy prepares students with the German language skills and structured guidance required to pursue professional opportunities in Germany — through Ausbildung, Nursing careers, and other skilled professions.

Our training emphasises small batches, disciplined learning and practical communication skills – helping students achieve the internationally recognised Goethe-Institut German language certification required for professional and vocational pathways in Germany.

Our Vision

Skill • Language • Opportunity

We believe international opportunities are built on serious preparation, strong language competence, and responsible guidance. Our vision is to build a trusted bridge between hardworking Indian students and structured professional opportunities in Germany, helping them build stable, respectable global careers.

When preparation is honest and disciplined, international opportunity becomes achievable.
